

The Free Application for Federal Student Aid (FAFSA) requires you to report your (and your spouse's or parent(s), if applicable) untaxed pension or IRA distributions that were "rollovers" from one account to another in 2022. For the 2022 tax year, the untaxed portion of IRA distributions is reported on 1040 lines 4a minus 4b, and the untaxed portion of pension and annuity distributions are reported on 1040 lines 5a minus 5b. Sometimes, these amounts are "rolled over" into another qualified IRA, pension, or annuity plan, so these rollover amounts are not actually received by the tax payer as untaxed income.

In order to verify the rollover amounts reported on the 2024-2025 FAFSA, you must complete and submit this signed statement confirming your (and your spouse's or parent(s), if applicable) rollover values for 2022.
