Instructions to determine your estimated program cost:

Determine the length of your program. Use the estimated expenses above to determine the projected cost of attendance for the full length of time you are enrolled.

Example: 2 Year (4 terms) Program "Living Off Campus beginning 2024-25 - " 88,076+ 90,896=\$178,972 Total Estimated Cost

Disclaimer: Programs have different credit requirements and students may choose to take more than 4 terms to complete the program.

*Tuition and Fees: As the College continues to strive toward the highest level of education, increases in tuition typically occur once a year, in the fall semester. The College works to keep these increases as low as possible.

Cost of Room and Board, and other future indirect costs may vary by student depending on your lifestyle and program.

Estimates of future costs and aid eligibility are subject to change based on a number of factors that cannot be reliably predicted in advance. Unforeseeable variables could result in a student's actual costs and aid eligibility being higher or lower than the program-length estimates provided.

These figures above do not include any scholarship and/or financial aid that a student might receive.

Refer to the College Finance Plan on the Financial Aid Dashboard for your annual net cost after you apply for financial aid.

Financial Aid is available. Learn more at <http://www.artcenter.edu/admissions/tuition-and-aid/financial-aid/financial-aid-eligibility.html>
